WITHIN TWO MILES OF IMPORTANT CITY

BRITISH REPEL ATTACKS IN NORTH AND MAKE PROGRESS AT SEVERAL POINTS.

(By the Associated Press)

Paris, Sept. 10.—Important progress toward the southern end of the Hindenburg line in La Fere neighborhood, north of St. Gobain massif was made today by the French. The war office tonight announced the capture of Liec Fort, northeast of the town by that name, and of wooded sections to the east and southeast within two miles of La Fere. Additional ground in the St. Gobain region, south of the Oise, was gained. North of La Fere region the French pressed far in, capturing Roupuy and Etrevillers, within three miles and a half of St. Quentin.

Enormous Captures by British.

London, Sept. 10.—Capture by the British of 75,000 prisoners and 750 guns in four weeks, is announced by Field Marshal Haig, in an order of the day.

German Attacks Repulsed.

London, Sept. 10.—The Germans delivered counter attacks yesterday against positions the British recently won west of Gouzeaucourt, fronting the Hindenburg line southwest of Cambrai, Field Marshal Haig announces in today's official statement. The enemy assault failed completely, however. In the same sector the British advanced south of Havrincourt during last night. On the Flanders front they progressed northeast of Neuve Chapelle and north of Armentieres.

WEATHER AIDS HUNS' DEFENSE

SLOWER PROGRESS MADE, BUT ALLIES GAIN SEVERAL LOCAL SUCCESSES.

(By the Associated Press)

Increased resistance by the Germans and unfavorable weather conditions have tended to slow down the allied offensive along the line from St. Quentin to Cambrai. Here the British in fighting of local character, have carried their line to Havrincourt wood and Pezeries. To the south they have taken Vermond and Vendelles, the former about five miles from St. Quentin. On the British right the French have advanced within four miles of St. Quentin. At Liez where they crossed the Crozat canal their patrols are nearing Le Fere which is reported burning. From La Fere south of Laffaux German artillery fire has increased in violence and numerous counter attacks indicate further French progress will be contested bitterly. South of the Aisne where the French and Americans are advancing north and northeast the enemy has concentrated much artillery and heavy firing is reported. Infantry engagements have been confined here to patrol encounters.

DEMOCRATIC STATE COMMITTEE MEETS

Oklahoma City, Sept. 10.—Declaring that politics is adjourned in Oklahoma as far as the Democratic state organization is concerned, until after the Liberty Loan is successfully disposed of, the newly appointed Democratic State Campaign Committee today met for the first time and completed organization.

The action of the state executive committee and nominees for state offices in recommending Hugh M. Johnson, of Oklahoma City, for Chairman of the State Campaign Committee, and George F. Clark, of Chandler, for secretary, was ratified.

U. S. Russell of Atoka, was elected Director of Publicity; Ed M. Semans, of Oklahoma City, director of organization, and J. A. Barbre, of Muskogee, director of the speakers' bureau. W. E. Brown of Tulsa, was selected as treasurer of the committee.

The key-note of the meeting was the recognition that war work shall supercede politics and that no political speeches are to be delivered until the Liberty Loan drive is successfully completed.

In fact, an economical campaign, whereby the funds usually expended in campaign work could be diverted to war activities instead, was endorsed.

The suggestion of Judge J. B. A. Robertson, nominee for governor, that the campaign be brief and economical and that first thought be given to the necessities of the pending war relief work, will be carried out literally.

W. B. Jones, of Ada, member of the new state campaign committee, attended the meeting today and took an active part.

When to Cut Walnut Trees.

(By the Associated Press)

Washington, Sept. 10.—Warning as to the proper time to cut Walnut trees is sounded in a letter to the American Forestry Association from Dr. Robert T. Morris an authority of New York City. The black walnut is destined to play a big part in the war, and President Wilson has called upon the Boy Scouts to mark the trees.

"From September to April is the time to cut these trees," says Dr. Morris in his letter to the Association. "If the trees are cut at other times the roots will die. This is very important because of our future timber supply."

8,000 MEN TRAINED IN UNCLE SAM'S SCHOOLS

Philadelphia, Sept. 10.—More than 8,000 men have received training within the past thirteen months in thirty-six free schools conducted by the United States Shipping Board to equip them to become officers of the American merchant marine. These facts are announced by Edward N. Hurley, chairman of the board.

The board now has twenty-four schools for the training of deck officers in navigation and twelve for engineer officers. The largest school is in this city, with New York second, Boston, San Francisco and Chicago also have large classes.

For the thirteen months of their existence 8069 students were admitted and 4439 were graduated. The term is six weeks in a navigation

school and a month in an engineering school.

Mr. Hurley also reported that for training apprentices to serve in merchant crews the board now has ten training and receiving ships in operation. After six weeks' stiff drilling of eight hours a day aboard a training ship the apprentices are sent to merchant vessels. They are rated as ordinary seamen receiving \$60 a month with a bonus of fifty percent if they are sent overseas. Firemen get \$75 a month and cooks \$80 to \$90 both with the overseas bonus.

HUNGARIAN COUNT WILL CALL YOUNG MEN AT FIRST ADVISES PEACE

PRESIDENT OF INDEPENDENT PARTY FAVORS ACCEPTING WILSON'S CONDITIONS.

(By the Associated Press)

Basle, Switzerland, Sept. 10.—President Wilson's program as a basis for peace negotiations are endorsed by Count Michael Karolyi, president of the Hungarian independent party. A dispatch from Budapest quoting from an open letter from Count Karolyi to his electors, recommends early peace and says: "Decisive military victory is a dream useless to pursue. The prime condition for negotiations is the democratization of nations and abandonment of imperialist theories."

Count Karolyi admonishes the Hungarians not to become slaves to the Middle Europa idea and advises against "our alliance with Germany."

NEW REGISTRANTS OF 19 AND 20 AND 32 TO 36 WILL BE TAKEN FIRST.

(By the Associated Press)

Washington, Sept. 10.—Provost Marshal General Crowder announced today that the first call to the colors of men registering Thursday will include men in the twenty and nineteen year old classes and in classes from thirty-two to thirty-six, inclusive. Questionnaires will go first to those registrants and local boards be ordered to classify them first to be in readiness for calls in October. Men from eighteen to twenty will be accepted for induction into the student army training corps.

BIG LEAGUE MEN OUT ON STRIKE

USE OF VICTORY FLOUR IS URGED

NO OTHER BRAND FOR SALE NOW IN TWO OKLAHOMA COUNTIES

The use of Victory mixed flour to the exclusion of all other brands in Oklahoma is urged by C. B. Ames, federal food administrator for Oklahoma. In an appeal to county food administrators who in turn are expected to see that the appeal reaches retailers and householders.

Victory mixed flour now is on the market in Oklahoma in considerable quantity and more mills are preparing to manufacture the product. The flour contains 80 per cent wheat flour and 20 per cent substitutes.

Probably the first county in the United States to go on an exclusive Victory mixed flour basis is Kiowa county, Oklahoma. Retail merchants in this county at a meeting recently agreed to handle only Victory flour. Similar action has been taken by the Coal county merchants.

County food administrators have been requested by Judge Ames to call meetings of retailers and urge them to take his course. If this is done Judge Ames believes the problem of putting the state on a Victory flour basis will be solved.

The use of Victory mixed flour is a convenience not only to the retailer but to the housewife. The consumer can purchase it without substitutes, so the transaction between the housewife and retailer is simplified. Any waste of substitutes is obviated by the new system.

The price of Victory mixed flour cannot exceed the price of wheat flour. Complaints concerning high prices of substitutes therefore are done away with under the new system.

Some mills in Oklahoma now are making Victory flour and these find that the demand for the flour assures them a good market. Millers from outside of the state who cater to Oklahoma business also are pressing their brands of Victory mixed flour to advantage. The widespread use of Victory flour makes it evident that millers who do not make the product soon will be without a market for their wheat flour.

The use of Victory mixed flour is an international measure evolved by Herbert Hoover. By its use we help carry out the conservation program agreed upon at conferences in Europe attended by Mr. Hoover and the food administrators of Great Britain, France and Italy.

"When we eat bread made from Victory flour we are sitting at a common table with our allies and we ask nothing better for ourselves than we are able to give our compatriots," said Judge Ames.

WILSON'S IDEA OF JUSTICE TO SOLDIERS

Congressman McKewen tells of an incident illustrating President Wilson's idea of strict justice to soldiers of any rank: A Lieutenant, feeling his importance, cursed a private and applied a strong epithet that he would not have dared to use where positions were equal. The private at once administered a sound thrashing and was sentenced to six months imprisonment for striking an officer. When the facts were brought to the president's attention he not only freed the private but reduced the self-important Lieutenant to ranks as being unfit to hold a position.

TRIBUTE TO ADA MAN WHO DIED AT SEA

Headquarters 109th Reg't, Engineers
At Sea, Sept. 27, 1918.
Mrs. Pearl Bennett, Ada, Okla.

I am deeply sorry to be obliged to confirm the notice of the death of your husband, Jesse J. Bennett, of Company "D," who died at sea of pneumonia at 5:15 o'clock, P. M., September 26, 1918.

He was taken ill on shipboard and suffered but a few days, and all that was possible was done for him. During his brief illness he bravely maintained the uncomplaining and cheerful spirit of a good soldier which has characterized his entire service in the regiment.

Due to circumstances over which we had no control it was necessary to bury his body at sea, the service being conducted with full military honor and naval courtesy. The exact location in latitude and longitude has been recorded and may be obtained after the war from the British Admiralty, London, our voyage having been made in an English ship.

The officers and men of his regiment offer their sympathy in your hour of sadness and I assure you that the sacrifice made by your husband, their comrade-in-arms, will have place of permanence in their remembrance. His name is on the Honor Roll of his regiment.

With sincere sympathy,
Yours very truly,
FREDERICK DOWNING,
Colonel, Engineers, U. S. A.

Headquarters 34th Division, At Sea.
September 26, 1918.
Mrs. Pearl Bennett, Ada, Okla.

My Dear Mrs. Bennett:
From official records I learn that you are the wife of Jesse J. Bennett, a member of the 109th Engineers, in this Division, and who died at sea this afternoon.

He has as truly given his life for his country as though he had been killed in battle. In your great sorrow there must be some comfort in knowing that your husband was a good soldier, and that he gave his life in the line of duty in loyalty to the noble principles that have made our country glorious and worthy of the greatest sacrifice.

In the name of the 34th Division in which your husband faithfully served, and as its Commanding General, I offer deep sympathy and condolence.

Sincerely,
JOHN A. JOHNSTON,
Brigadier General, U. S. A.

PROCLAMATION!

State of Oklahoma,
Executive Department.
There are extraordinary reasons for making the observance of Fire Prevention Day in 1918 more effective than ever before. We are in a world war and are in need of all the supplies, foodstuffs, lumber and other vital staples that can be produced and every person should do all within their power to prevent fire from causing a destruction of materials so much needed.

President Wilson said, "Prevention of fire is more than a public misfortune. It is a public dereliction. At a time like this of emergency and manifest necessity for the conservation of our national resources, it is more than a matter of deep and pressing consequences that every means should be taken to prevent this evil."

Believing that it is an imperative public duty and that of good citizenship to seek the elimination of all unnecessary fire hazards, I hereby proclaim
Saturday, November 2nd, Fire Prevention Day
and earnestly recommend that it be observed by our people for remedying hazards and removing the causes which permit needless conflagrations. The State Fire Marshal report for 1917 shows that more than 60 per cent of the fires of our state are preventable.

Therefore, all public buildings, factories, stores and homes should be cleaned of rubbish;

All heating, lighting and fire extinguishing apparatus should be examined and, if necessary, repaired;

In all public schools on Friday afternoon, November 1st, a suitable program should be arranged and presented to impress upon the minds of the children the necessity of fire prevention and how they can assist in this work.

The press, municipal officials, civic organizations, business and professional bodies and the individual citizens should give their attention to this important matter upon that day.

In WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed an impression of the great seal of the State of Oklahoma, this 7th day of October, 1918.

(Seal) R. L. WILLIAMS,
Governor of the State of Oklahoma.

Attest: J. L. LYON, Sec'y. of State.

The following is a suggestive program for schools on Friday before fire prevention day:
1. Opening Song—"America."

2. Reading of the Governor's Proclamation.
3. Talk on Fire Prevention, by some Fireman or Citizen.

4. Gasoline dangers and how to prevent them, by some boy of school.
5. Essay—Some things that School Children can do to prevent fires.

6. Short Talk by Teacher—How Fire Prevention Will Help Win the War.

7. Fire Drill.

INFLUENZA WORSE THAN HUN BULLETS

Claiming More Victims Than Battle Fronts of Europe—Disease Can Be Avoided.

According to carefully compiled statistics it is an indisputable fact that the Spanish Influenza Epidemic which is now sweeping all parts of the country is daily claiming far more victims than German bullets on the battle fronts of Europe. Although civil and military authorities have succeeded in checking the disease in some localities, it is growing worse in others and continues to spread at an alarming rate. That the disease can be avoided there is no longer any doubt. According to leading authorities the powers of resistance of the human system can be so perfected that it can throw off almost any infection, not even excepting Spanish Influenza, which is one of the most contagious diseases known.

It is persons who are suffering from lowered vitality, who are weak and rundown and who have not the strength to throw it off who are the earliest victims. Persons who have had colds, who are suffering from catarrhal troubles, or inflammation of the mucus membranes are especially susceptible, as the inflamed mucus membrane linings of the nose and throat are an open door to the germs. This condition is almost always accompanied by a weakened condition of the system.

If you are suffering from any of these symptoms, nothing on earth will build you up and strengthen you like Tanlac, which contains the most powerful tonic properties known to science.

This statement is easily proven by the fact that Tanlac is now having the greatest sale of any system tonic in the history of medicine. In less than four years time over Ten Million Bottles have been sold and the demand is constantly increasing. Thousands are using it daily for the above troubles with the most astonishing and gratifying results.

Tanlac increases your strength and weight and creates a good, healthy appetite for nourishing food. It keeps you physically fit and helps every organ of the body perform its proper function in the natural way.

In connection with the Tanlac Treatment be sure and keep the bowels open by taking Tanlac Laxative Tablets, samples of which are included in every bottle.

Tanlac is sold in Ada by Gwin & Mays Drug Co. 2t

NEW HOME CARDS OUT IN DECEMBER

The home card campaign of the United States food administration, which was to have begun October 23, is postponed until December 1.

The campaign was deferred on account of the influenza epidemic which prevented proper school and church help.

Home cards for Oklahoma have been printed and the food administration now will further its plans to have a new pledge card placed in every home on December 1.

FOOD NOTES

The United States Food Administration appeals three times daily to the individual responsibility of 105,000,000 intelligent people to continue the greatest voluntary effort at food control ever made by a nation.

We must send the allies and our own forces overseas 50 per cent more food this year than we sent them last year. To do this we must eat no more at home than is necessary for health and strength.

Be proud to be a food saver. Be content with a PATRIOT'S PLENTY and discontented with a SLACKER'S SUPERFLUITY.

Loyal Americans are eating at a common table with 120,000,000 allies.

Every bit of food unwisely bought, wastefully cooked, or carelessly eaten, is that much taken from the allied table.

The Food Administration does not ask you to stop eating any particular food; it asks you to use less of all food.

GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly. . . Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then . . . it would last . . . two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three. . . I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children. . . Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

LIBERTY LOAN QUOTA IS OVERSUBSCRIBED \$4,000,000.

OKLAHOMA CITY, October 25.—Latest figures, not finally official, show that Oklahoma has subscribed its quota of \$38,951,350 and about \$4,000,000 over, for the Fourth Liberty Loan. Two counties from which reports are yet to come did not get the quota that had been assigned them. The counties of the drought-stricken district of the state over-subscribed their quotas 135 per cent. In the communities falling to the prescribed amount many residents were sick with influenza. Subscriptions as reported showed a total of \$43,251,150 was subscribed.

J. W. Harp and wife returned from the grave this morning. Their daughter, Miss Jewell, is about recovered from an attack of influenza, will resume her duties in the Caddo school shortly.

THE LOCKET

By MILDRED WHITE.

(Copyright, 1919, Western Newspaper Union.)
Mollie-Ellen found the glinting thing in the road which led from the suburban station to her home. Mollie had not yet learned to call home, the humble house which sheltered her; but it was the place where she spent the hours when not engaged in Doctor Brimmon's office.

Mollie-Ellen wished wistfully that she might know the joy of giving comfort and courage to one brave American soldier. Her throat tightened at the thought of her own uselessness, the only one who needed her, had gone. And thus she came to the golden locket glinting from the roadway. It was an ordinary round locket, but when she opened it searching for a clasp of ownership, a soldier's face confronted her, a fine face with steady honest eyes.

"To Jane," she read on the inner cover, "from her Bob." The locket's long chain was unbroken, so it must have slipped unclasped from "Jane's" neck. It had been "her Bob's" gift, no doubt, before he had left for France. Mollie-Ellen glanced up and down the road, no vehicle, no passerby was in sight. She clasped the chain about her own throat as she hurried on; she would advertise the locket in the morning's paper. Even the small amount paid for advertising, would mean added economy to Mollie-Ellen.

She found that she would only be able to insert the advertisement occasionally. But though she unselfishly persisted, no claimant responded. Mollie-Ellen took to wearing the ornament, hoping that it might be recognized and returned to its proper owner, but "Bob's Jane" was evidently not in Mollie-Ellen's proximity. The locket she concluded must have dropped from some touring car. So each night as the lonely girl placed it in her jewel case, she smiled into the soldier's eyes.

"Good-night, Bob," she would whisper. It was really wonderful how companionable a photograph could become. Mollie-Ellen read sympathy in the eyes when she was tired, and she could see humor hovering about the lines of the soldier's mouth over some remembered incident of her day. Then Mollie-Ellen made a discovery—after all she did own a soldier and she must work in his behalf at the Red Cross rooms, must send knitted things across the sea, for would not this labor help one another? That he was "Jane's Bob" mattered not at all, neither he nor Jane should know of her rival. So Mollie-Ellen spent her spare hours in the house devoted to Red Cross work, and there overruling Mollie-Ellen's aloofness, a fashionable and beautiful worker sought her out. She blushed with pleasure at Miss Stuyvesant's praise.

"You are so conscientious in your duty," that person remarked, "perhaps like myself, you have a personal incentive? My brother is now in training." And just as Mollie-Ellen was about to deny the implication, the golden locket flew open, and quick as she was in closing it, Miss Stuyvesant had glimpsed for an instant a soldier's cap.

"So I was right," she laughed, "your brother?"

"No—" Mollie-Ellen began confusedly, her companion's interruption left her sentence unfinished.

"My brother is near here in camp, so we are fortunate in seeing him often. Why," she broke off, "there he is now coming toward us. He is going to drive me home."

As Mollie-Ellen's startled gaze fell upon the advancing soldier, she longed to hide her own burning face, for the man was actually "Bob," himself, "Jane's Bob" of the golden locket. He looked down upon Mollie-Ellen, acknowledging his sister's introduction, as though he were aware of those good-night confidences.

"You must let us take you home," Miss Stuyvesant insisted, and as the three flew along in the big automobile Mollie-Ellen dreamed of brighter days.

Days passed and Miss Stuyvesant kindly continued the drives as a matter of course and Mollie-Ellen knew that she could return the locket to its owner through Bob Stuyvesant's care. But there would be the humiliating fact of having worn all this time the picture of a man she had not even known.

Bob Stuyvesant, as she met him again, was preoccupied, his steady gray eyes were clouded, reflecting troubled thought.

"Good-by," she said, "you have been very kind, Mr. Stuyvesant, but I shall not be able to see you again before you sail."

"I suppose," burst out Bob Stuyvesant in unexpected heat, "the fellow you wear around on your locket is the reason for that! Sis told me about him, so I ought to have kept away in the first place, but—" he laughed shortly. "I couldn't," he said.

"Wait!" cried Mollie-Ellen breathlessly, she ran into the house returning with the locket. Desperately she snapped it open before him. "I found it," she murmured, "and Jane" did not answer my advertisement. You had better take it back to her, you are her Bob."

The soldier gave an unbelieving whistle. "So you've been wearing me near your heart, Mollie-Ellen," he said at last. "By Jove, if I am as near as that I'm going to stay."

"But Jane?" queried Mollie, her hands warded him off.

Bob captured the protesting hands. "Jane is the maiden aunt who brought Sis and me up," he said.

CENTER.

We, the people of Center, will sympathize with the people of Ada in their loss of J. M. Wintersmith. We also feel it a loss to us, as he was one among the many good speakers sent to us this year, that we greatly loved.

Rev. Nix, of the Baptist church of Center was here Saturday to fill his appointment but church was closed Saturday evening and Sunday evening on the account of Spanish influenza.

Mrs. Susie Auten, formerly Susie Parker is very ill with influenza, but has no signs of pneumonia. She is expected to recover soon.

Mrs. Peck is ill with influenza. Mrs. I. H. Henry is ill but has no symptoms of influenza.

Our little Sunday school service flag has eighteen stars, seventeen blue and one gold. The gold is for Felix Gatling, a young man who lived in Center only a short time. When his country called he was ready. He died of Spanish influenza leaving a young wife, a mother and father, two sisters and four brothers, and a host of friends to mourn his death.

Jasper Copeland is at home from Oklahoma City. He has just recovered from a serious attack of influenza.

Leona Copeland of Oklahoma City was visiting her mother and father Mr. and Mrs. J. J. Copeland, last week. She has just recovered from a serious attack of influenza.

A baby girl was born to Mr. and Mrs. Gilway Bond September 26. Her name is Cleis.

Mr. and Mrs. Pete Mue's little infant was buried at Center Cemetery Sunday afternoon.

Mr. R. H. Austelle received word that his son, Robert is now sailing for France.

J. E. Southerland has planted his cotton patch in rye and barley for his winter pasture.

Elizabeth McLary is at home these two weeks, as her school at Lawrence is closed on account of the Spanish influenza.

Miss Geneva Garrett and Mr. Olin Roberts were quietly married Saturday the 12.

Preparations for the beginning of school is being made. The school board has placed on our campus 12 swings, 12 saws, two basketball goals and wires for the high school boys to walk. The rooms have all been tinted in blue and light green. Also new records for victrola have been purchased. The house doors have been painted. New sanitary drinking fountain is placed in the school. Also all windows have new blinds.

WITHIN TWO MILES OF IMPORTANT CITY

BRITISH REPEL ATTACKS IN NORTH AND MAKE PROGRESS AT SEVERAL POINTS.

(By the Associated Press)

Paris, Sept. 10.—Important progress toward the southern end of the Hindenburg line in La Fere neighborhood, north of St. Gobain massif was made today by the French. The war office tonight announced the capture of Liec Fort, northeast of the town by that name, and of wooded sections to the east and southeast within two miles of La Fere. Additional ground in the St. Gobain region, south of the Oise, was gained. North of La Fere region the French pressed far in, capturing Roupay and Etrevillers, within three miles and a half of St. Quentin.

Enormous Captures by British.

London, Sept. 10.—Capture by the British of 75,000 prisoners and 750 guns in four weeks, is announced by Field Marshal Haig, in an order of the day.

German Attacks Repulsed.

London, Sept. 10.—The Germans delivered counter attacks yesterday against positions the British recently won west of Gouzeaucourt, fronting the Hindenburg line southwest of Cambrai. Field Marshal Haig announces in today's official statement. The enemy assault failed completely, however. In the same sector the British advanced south of Havrincourt during last night. On the Flanders front they progressed northeast of Neuve Chapelle and north of Armentieres.

WEATHER AIDS HUNS' DEFENSE

SLOWER PROGRESS MADE, BUT ALLIES GAIN SEVERAL LOCAL SUCCESSES.

(By the Associated Press)

Increased resistance by the Germans and unfavorable weather conditions have tended to slow down the allied offensive along the line from St. Quentin to Cambrai. Here the British in fighting of local character, have carried their line to Havrincourt wood and Pezieres. To the south they have taken Vermond and Vendelles, the former about five miles from St. Quentin. On the British right the French have advanced within four miles of St. Quentin. At Liez where they crossed the Crozat canal their patrols are nearing Le Fere which is reported burning. From La Fere south of Laffaux German artillery fire has increased in violence and numerous counter attacks indicate further French progress will be contested bitterly. South of the Aisne where the French and Americans are advancing north and northeast the enemy has concentrated much artillery and heavy firing is reported. Infantry engagements have been confined here to patrol encounters.

DEMOCRATIC STATE COMMITTEE MEETS

Oklahoma City, Sept. 10.—Declaring that politics is adjourned in Oklahoma as far as the Democratic state organization is concerned, until after the Liberty Loan is successfully disposed of, the newly appointed Democratic State Campaign Committee today met for the first time and completed organization.

The action of the state executive committee and nominees for state offices in recommending Hugh M. Johnson, of Oklahoma City, for Chairman of the State Campaign Committee, and George F. Clark, of Chandler, for secretary, was ratified. U. S. Russell of Atoka, was elected Director of Publicity; Ed M. Semans, of Oklahoma City, director of organization, and J. A. Barbre, of Muskogee, director of the speakers' bureau. W. E. Brown of Tulsa, was selected as treasurer of the committee.

The key-note of the meeting was the recognition that war work shall supercede politics and that no political speeches are to be delivered until the Liberty Loan drive is successfully completed.

In fact, an economical campaign, whereby the funds usually expended in campaign work could be diverted to war activities instead, was endorsed.

The suggestion of Judge J. B. A. Robertson, nominee for governor, that the campaign be brief and economical and that first thought be given to the necessities of the pending war relief work, will be carried out literally.

W. B. Jones, of Ada, member of the new state campaign committee, attended the meeting today and took an active part.

When to Cut Walnut Trees.

(By the Associated Press) Washington, Sept. 10.—Warning as to the proper time to cut Walnut trees is sounded in a letter to the American Forestry Association from Dr. Robert T. Morris an authority of New York City. The black walnut is destined to play a big part in the war and President Wilson has called upon the Boy Scouts to mark the trees.

"From September to April is the time to cut these trees," says Dr. Morris in his letter to the Association. "If the trees are cut at other times the roots will die. This is very important because of our future timber supply."

HUNGARIAN COUNT ADVISES PEACE

PRESIDENT OF INDEPENDENT PARTY FAVORS ACCEPTING WILSON'S CONDITIONS.

(By the Associated Press)

Basle, Switzerland, Sept. 10.—President Wilson's program as a basis for peace negotiations are endorsed by Count Michael Karolyi, president of the Hungarian independent party. A dispatch from Budapest quoting from an open letter from Count Karolyi to his electors, recommends early peace and says: "Decisive military victory is a dream useless to pursue. The prime condition for negotiations is the democratization of nations and abandonment of imperialist theories."

Count Karolyi admonishes the Hungarians not to become slaves to the Middle Europe idea and advises against "our alliance with Germany."

Complaints from the public loud enough to reach the ears of Mr. McAdoo have been heard concerning the treatment of the public by railroad employees since the government took over the roads. Mr. McAdoo has issued a warning to such employees that such treatment will not be tolerated. The time has passed when the public can be treated with discourtesy. For a number of years the railroads have insisted that their employees show due consideration to their patrons and Mr. McAdoo means that this shall continue to be the policy.

Synopsis of The 1918 Screen Version of "The Bondman"

In Hall Caine's great novel "The Bondman," which has just been remade by William Fox in a 1918 form William Farnum plays a dual role. In the beginning he is Stephen Orry and later he is Stephen's son, Jason.

The story hinges on Jason's vow to wreck vengeance on his father for abandoning his mother. But his father dies and Jason turns his desire for revenge against Sunlocks, his father's son of another wife. Both Sunlocks and Jason are in love with Greeba, daughter of the governor of the Isle of Man. Sunlocks and Jason go to Iceland and are confined in prison. Jason not knowing Sunlocks, saves his half brother from death in the mines. Jason is freed, but Sunlocks is condemned to death. Greeba pleads for Sunlocks' life, and Jason sacrifices himself by taking Sunlocks' place and dying for him.

PUBLICITY CHANGES SENTIMENT IN MEXICO

Mexico City, Sept. 10.—(Correspondence of The Associated Press)—The American publicity campaign is showing results in Mexico. The wide spread dissemination of facts concerning the war aims and accomplishments of the United States are, according to foreigners long resident here, bringing about a change of sentiment, which, if not characterized as love for Americans may at least be called respect.

The effect of the Allied blacklist becomes more noticeable daily. The Germans apparently have much less money than formerly to spend on propaganda. German firms, forced to deal in hidden ways to secure even the smallest imports from the states, are less prosperous. Arrogance of German officials and business men in public places is decreasing. Since it became known that four members of the American club, alone in the building at the time, evicted thirteen Germans who invaded the club, there have been no further outbreaks.

Posters, pamphlets, reading matter for newspapers, war photographs for window display, daily official cable reports, reading rooms, moving pictures and authoritative statements by American officials on international questions, are among the means adopted by the United States government to change the long standing dislike for Americans that have prevailed in Mexico.

Through these various channels the war aims of the United States, its accomplishments in the raising of a huge army, the sending of a million and a half men overseas in record time, its achievements in building a merchant marine, its enormous war expenditures, and the unity of its people, are being brought to the attention of the intelligent Mexican public in a way never before attempted. The campaign also is having its effect on the American residents who armed with facts and encouraged by news of American successes in battle, are doing vigorous personal missionary work.

Another effect of the truth campaign is the disclosure of the falsity of the news reports regarding Germany's successes and aims, for which Teuton propagandists are responsible. It has been shown that the German papers published here do not receive the news in the way they advertise, that it is taken from American papers smuggled across the border and then telegraphed to German papers in the capital and other cities.

Outward signs of the increase in pro-ally sentiment are the number of newspapers seeking news reports from American sources, the amount of space given in periodicals to allied war news, the increase in the number of posters that are not mutilated or defaced, the additions to the ranks of pro-ally publications of numerous new periodicals and the growing popularity of allied moving picture films.

When President Wilson, General Pershing, the American flag and marching American soldiers first appeared some time ago on the screen in a down town motion picture theatre there was a protest. Recently, in a theatre holding more than 4,000 spectators, in a poor district where anti-American sentiment has been high, there was not a murmur when virtually the same characters flickered on the screen. In fact, one ardent pro-ally Mexican had to be forcibly prevented from making an anti-German speech.

According to mining and smelter men, reports that German interests are buying up huge areas of mineral and oil lands are quite contrary to the facts. They assert that German mining interests are in sore straits and that no ore produced in a German owned mine is being smelted.

There also is a noticeable lack of the anti-American satire that formerly pervaded certain theatrical performances given in the capital. Recently a well known star put on a pro-ally sketch and achieved some measure of success with it.

That the Germans propaganda leaders have realized their machine is slipping a cog is shown by the well authenticated report that the management of El Democrita, a leader in attacks on the United States is to be changed. The post has been occupied by Rafael Martinez, a deputy, known under the pen name of "Rip Rip," who was elected to the senate at the recent elections.

There are many things we can do to help our country. Don't fail to invest your savings in War Savings Stamps.

90TH DIVISION MAKING RECORD

Oklahoma City, Ok., Sept. 10.—Governor Williams is in receipt of a letter, coming today, from Henry T. Allen, editor of the Wichita Beacon, and for many months in Red Cross work in France. His speech, largely of Oklahoma and Texas boys, who were trained at Camp Travis. The letter is dated Aug. 13, and the division was at that time about ready to move to the front. Mr. Allen says: "The division is in excellent health and in fine spirit. The complimentary reports made on it by training experts reflect credit on Oklahoma and Texas."

"The division has been billeted in one of the most picturesque parts of France, in fifty-three towns and villages, and thus far I have not received a single complaint of the conduct of any man. The number of courts-martial has been extraordinarily small and the sick report far better than at any time at Camp Travis. In fact, the imminent departure of the division from this training zone is bringing forth expressions of regret from all the towns."

"There is no doubt but that you will continue to have favorable reports of this division. The appearance of the men shows marked vitality and fighting force. They will be a genuine asset in the coming months over here, but a still greater one by their states when they return by reason of the broad increment to their education."

DADDY'S EVENING FAIRY TALE BY MARY GRAHAM BOWEN

ZUZEPPA, THE MONKEY.

"Zuzeppa," said Daddy, "was a monkey who had come from Africa. He lived in the zoo, where there were many other monkeys. He swung on his bars, ate good meals, made up faces, did tricks and kissed the keeper. Everyone liked him and he liked everyone."

"In fact he enjoyed nothing more than visits to the zoo of children and grown-ups. He would like it best when they stood before his cage so he could sit down and put his hands through the wires and shake a how-do-you-do with them."

"Then he would go flying off to swing, or turn a somersault or some sort of a trick, and when the people laughed he was absolutely delighted. 'I wanted to be as smart as any monkey here,' he would say to himself, and by his ways the keeper knew he wanted to be taught tricks."

"You'd like to learn to do a number of smart things, eh Zuzeppa?" asked the keeper, and the monkey gave him a little hug and a kiss as though to say, 'Oh, please teach me, keeper.'"

"The keeper understood and began teaching Zuzeppa all sorts of wonderful tricks. 'We'll have a special performance for you to give,' the keeper said one day."

"And for that special performance the monkey practiced so very, very hard. And the keeper was patient and showed the monkey how to do different

He Only Smoked for a Second or Two.

things many, many times over. The monkey was very quick and bright and learned everything remarkably quickly."

"The special performance was to be given on a day set aside by the keeper. Of course it couldn't be advertised all around as a circus could, but the keeper told all his special children friends who came to the zoo very often and they told their friends, and it got around so that for the day of the performance the monkey house was filled with children."

"Let me shake hands with the performer," the keeper said, and he shook hands with Zuzeppa. Then they each bowed, and the keeper said, 'Now Zuzeppa will show you his circus tricks.'"

"So Zuzeppa lunged by his tail and turned many somersaults, he swung back and forth and jumped and twisted and turned. He did the most marvelous of circus tricks and all the children clapped their hands and the other monkeys yelled and screamed, 'Well done, Zuzeppa.'"

"No one else knew what the monkeys meant but everyone knew they were excited. They weren't jealous of Zuzeppa, for they knew he wanted to learn tricks and he had worked hard enough to have the whole monkey house to himself for an afternoon."

"Now," said the keeper, 'Zuzeppa will do his special trick. It has been done before by monkeys but Zuzeppa never did it before, and he has been practicing it so he could do it beautifully for this fine performance.'"

"The keeper took out a little wooden table and put a napkin upon it and a cloth. Then Zuzeppa spread the cloth over the table, reached down in a box the keeper had, and took out a knife and a fork and a spoon. He put all these on the table and then tied the napkin around his neck."

"Next he took a little broken chair which was in his cage and sat upon it."

"The keeper acted as the waiter, and passed things to Zuzeppa. And what do you suppose Zuzeppa did?"

"What?" asked the children.

"Zuzeppa behaved at that table just as though he were a real person. He ate with his fork and he cut with his knife. He peeled his banana which he had for dessert and then he ate it, wiping his mouth with his napkin. 'But when he was all through his meal and had put his hands in a finger bowl to make them nice and clean, he took a pipe, which the keeper handed him, struck a match and lighted the pipe. He only smoked for a second or two, blowing the smoke out, as he didn't especially care for it. But oh, how happy he was when the children laughed and clapped their hands! And this is a true story!'"

"Age for Wisdom"

Japan apparently is ruled by old men. Prince Yamagata, at the age of eighty-three, is still the center of political influence; Baron Shibusawa, in spite of his seventy-eight years, is constantly dragged from his would-be retirement, and Marquis Okuma, at seventy-nine, is still at the vortex of public affairs. It is reported that Japan attempts nothing of any great moment without the assistance of the influence of these three great old men.

ARMY Y. M. C. A. CHIEF

WILMAN E. ADAMS,
Executive Secretary, Army Y. M. C. A.
Southern Department.

Direction of all Army Y. M. C. A. activities in the entire Southern Department is the large responsibility given to Wilman E. Adams, Executive Secretary, by the National War Work Council early in the development of the extensive program of the Y. M. C. A. in its efforts on behalf of the soldiers.

Mr. Adams is the administrative head of the territory made up of Texas, Oklahoma, Arkansas, Louisiana, New Mexico, and Arizona, in which is located a large per cent of the army camps of the entire country. Under his administration the operations of the Army Y. M. C. A. have grown until there is now in operation, or in process of construction, one Y. M. C. A. building for every 8,500 soldiers located in these Southwestern states. When it is remembered that there are several hundred thousand soldiers in training in the Southern Department camps, including Camp Travis, Camp Pike, Camp Bowie, Camp McArthur, Camp Cody, Camp Doniphan, Fort Sill, Camp Beauregard, Kelly Field, and the other great flying fields of the department, it will be understood that Mr. Adams occupies a position of similar importance to that of a Major General.

In addition to the camp activities of the Army Y. M. C. A. directed by Mr. Adams and efficiently executed by his army of men in the uniform of the Red Triangle, the Southern Department executive secretary has under his supervision the Army Y. M. C. A. activities along the entire Mexican border, from Brownsville, Texas, to Yuma, Arizona, where many Y. M. C. A. stations are located, and where a fleet of eighteen auto trucks take to the soldiers in isolated places the comfort and pleasures of the Y. M. C. A.

Mr. Adams is one of the pioneers of the Army Y. M. C. A. movement. He was actively identified with the Army "Y" work with the troops or the border and in Mexico.

AUGUST WAR STAMPS SALES \$16,000,000

Muskogee, Okla., Sept. 10.—Oklahoma has sold sixteen million dollars in War Savings Stamps, not including sales for August, according to a report issued by the Treasury Department. These figures represent the actual cash paid into the coffers of the government. With five months of the year not reported there remains thirty million dollars in stamps unsold.

Nebraska leads the United States having sold its entire year's quota. Kansas is well up in the lead while Oklahoma is far from being among the leaders. Sales during June were heaviest for the year and a good showing was made in July. A few scattering reports of sales in August show a marked decrease, although it is estimated that the sales for last month will exceed those of any month prior to June.

GERMANS EXCUSE ATROCIOUS ACTS

Murder, Pillage and Arson Part of Deliberate Scheme of Warfare.

HIGH OFFICERS GO ON RECORD

No Possible Evasion of Responsibility for Bestial Acts Which for Centuries Have Had No Parallel—Officially Indorsed.

The people of the United States are beginning to learn the truth concerning the conduct of the war by Germany. Proof is offered that German officials deliberately lied in their statements concerning atrocities committed by the Belgians and allies. That their own soldiers were disgusted by the cruelties practiced at the order of high officers of the Kaiser is shown. Extracts taken from pamphlets issued follow:

The Vorwaerts of Berlin, October 22, 1914, said:

"We have already been able to establish the falseness of a great number of assertions which have been made with great precision and published everywhere in the press, concerning alleged cruelties committed by the populations of the countries with which Germany is at war, upon German soldiers and civilians. We are now in position to silence two others of these fantastic stories.

"The war correspondent of the Berliner Tageblatt spoke a few weeks ago of cigars and cigarettes filled with powder alleged to have been given out or sold to our soldiers with diabolical intent. He even pretended that he had seen with his own eyes hundreds of this kind of cigarettes. We learn from an authentic source that this story of cigars and cigarettes is nothing but a brazen invention. Stories of soldiers whose eyes are alleged to have been torn out by franc-tireurs are circulated throughout Germany. Not a single case of this kind has been officially established.

"It matters little that reports of this nature bear an appearance of positive certitude, or are even vouched for by eye-witnesses. The desire for notoriety, the absence of criticism, and personal error play an unfortunate part in the days in which we are living. Every nose shot off or simply bound up, every eye removed, is immediately transformed into a nose or eye torn away by the franc-tireurs. Already the Volkszeitung of Cologne has been able, contrary to the very categorical assertions from Aix-la-Chapelle, to prove that there was no soldier with his eyes torn out in the field ambulance of this town. It was said, also, that people wounded in this way were under treatment in the neighborhood of Berlin, but whenever inquiries have been made in regard to these reports, their absolute falsity has been demonstrated. At length these reports were concentrated at Gross Lichterfelde. A newspaper published at noon and widely circulated in Berlin printed a few days ago in large type the news that at the Lazaretto of Lichterfelde alone there were ten German soldiers, only slightly wounded, whose eyes had been wickedly torn out." But to a request for information by Comrade Liebknecht the following written reply was sent by the chief medical officer of the above-mentioned field hospital, dated the eighteenth of the month:

"Sir: Happily there is no truth whatever in these stories.

"Yours obediently,

"PROFESSOR RAUTENBERG."

German Soldiers Protested.

Thus the teachings of the German War Book and of the German apostles of frightfulness, suspicion and hatred, had now begun to bear their natural fruit. But the voice of protest was not entirely silent. A considerable number of letters by German soldiers who were shocked by the German atrocities were sent to Ambassador Gerard, because he was the representative of the United States, the leading neutral nation. The three letters which follow, in translation, were received by the American ambassador from German soldiers.

Here is the protest of a German soldier, an eye-witness of the slaughter of Russian soldiers in the Masurian lakes and swamps:

"It was frightful, heart-rending, as these masses of human beings were driven to destruction. Above the terrible thunder of the cannon could be heard the heart-rending cries of the Russians: 'O Prussians! O Prussians!'—but there was no mercy. Our captain had ordered: 'The whole lot must die; so rapid fire.' As I have heard, five men and one officer on our side went mad from these heart-rending cries. But most of my comrades and the officers joked as the unarmed and helpless Russians shrieked for mercy while they were being suffocated in the swamps and shot down. The order was: 'Close up and at it harder!' For days afterwards those heart-rending yells followed me and I dare not think of them or I shall go mad. There is no God, there is no morality and no ethics any more. There are no human beings any more, but only beasts. Down with militarism.

"If you are a truth-loving man, please receive these lines from a common Prussian soldier."

German soldier on the eastern front: "Russian Poland, December 18, '14. 'In the name of Christianity I send you these words.
'Wounded Russians are killed, with the bayonet according to orders.
'And Russians who have surrendered are often shot down in masses according to orders. In spite of their heart-rending prayers.
'In the hope that you, as the representative of a Christian state, will protest against this, I sign myself,
'A GERMAN SOLDIER AND CHRISTIAN."
The third letter, from the western front, shows the same horror of the system of which the writer was a witness.
'To the American Government, Washington, U. S. A.
'Englishmen who have surrendered are shot down in small groups. With the French one is more considerate. I ask whether men let themselves be taken prisoner in order to be disarmed and shot down afterward? Is that chivalry in battle? It is no longer a secret among the people; one hears everywhere that few prisoners are taken; they are shot down in small groups. They say naively: 'We don't want any unnecessary mouths to feed. Where there is no one to enter complaint, there is no judge.' Is there then no power in the world which can put an end to these murders and rescue the victims? Where is Christianity? Where is right? Might is right.
'A SOLDIER AND A MAN WHO IS NO BARBARIAN."

Socialists Oppose System
Many of the Germans, as has been already indicated, do not believe the reports of the atrocities committed by the Belgian civilians and refuse to accept the system of frightfulness. The Vorwaerts, the leading socialist paper, which has a very wide circle of readers, has opposed the policy of frightfulness. All honor to its editors who have so courageously opposed the powerful military authority! Its editorial, entitled "Our Foes," published August 23, 1914, reads as follows:

"What should one say when even such an organ as the Deutsches Offizier-Blatt expresses its sympathy with a demand that 'the beasts' who are taken as franc-tireurs should not be killed, but only wounded so that they may then be left to a fate which makes any help impossible? Or what should we say when the Deutsches Offizier-Blatt states that 'a punitive destruction even of whole regions' cannot afford full recompense for the bones of a single murdered Pomeranian grenadier? Those are the desires of blood-thirsty fanatics and we are thoroughly ashamed of ourselves because it is possible that there are people among us who urge such things."

"Barbarism," Declares Vorwaerts.
On the following day, August 24, 1914, the Vorwaerts returned to the attack in an editorial "Against Barbarism."
"One might, in the first place, possibly believe that such a demand for a bloody vengeance [against alleged Belgian outrages] emanates from a single disease-racked brain; but it appears that whole groups among certain classes who represent German kultur want to indulge in orgies of barbarism and to devise a whole system for the purpose of organizing 'a war of revenge.'
"What of law and custom! Such thoughts do not stir a 'great nation.' Thus in a leading article of the Berliner Neueste Nachrichten, the demand is made that all the authorities in Brussels—one, the second burgomaster, is generously excepted—should be immediately seized and subjected to trial in order to expiate the wrongs which, according to fragmentary and highly uncertain reports, were said to have been committed by the people. They demand that the captured city should immediately pay a fine of 500,000,000 marks; that all stores of the conquered territory be requisitioned without paying the inhabitants a single penny for them."

Vorwaerts in Protest.
Three years later, August 26, 1917, the Vorwaerts quoted the following passage from the Deutsche Tageszeitung:

"We have a ring of politicians who hold that might makes right (Macht-politik), who despise the forces of the inner life and believe that they must eliminate all ethical points of view . . . from foreign and social politics. For them, Germany of the present and of the future is the country of the Krupps and Borgis, of the Zeppelins and the U-boats. Any idea of a connection between politics and morals is rejected and any reference to the right of a moral method of consideration is ridiculed as delusion and sentimentality."
The German officers were provided with the forms to be used in terrorizing the conquered people. The common soldiers were provided with phrase books which would enable them to impose their will upon the terrified people. Minister Brand Whitlock in his report to the state department on September 12, 1917, writes:

"The German soldiers were provided with phrase books giving alternate translation in German and French of such sentences as:

"Hands up! (It is the very first sentence in the book.)
"Carry out all the furniture.
"I am thirsty. Bring me some beer, gin, rum.
"You have to supply a barrel of wine and a keg of beer.
"Lead me to the wealthiest inhabitants of this village. I have orders to requisition several barrels of wine.
"Show us the way to . . . If you lead us astray, you will be shot."

McKEOWN SENDS IN REGISTRATION CARD

Washington, Sept. 10.—Three
members of the Oklahoma delega-
tion in congress have registered un-
der the new selective service act.
They are Congressman Scott Ferris,
Jim McClintic and Tom McKeown.
Each is in the new draft age and
each has sent his registration card
home to his local board.

Mr. McClintic is said to have been
the first of all the members of con-
gress to register for service. While
claims for exemption are not made
till the questionnaires are sent out,
after registration is completed, it is
understood that none of the Okla-
homa members and none of the entire
membership in congress will claim
exemption on the ground of his ser-
vice in congress.

On the ground of being in the fed-
eral service, a congressman might
claim exemption, but it is expected
that few claims of that character will
be made. The character of their ser-
vice to the government is such, how-
ever, that almost any local board
would reach the conclusion they could
be of greater service to the govern-
ment in congress than as drafted pri-
vates in the army.

MRS. SHULER WILL SPEAK FOR SUFFRAGE

Mrs. Frank J. Shuler of Buffalo,
N. Y., corresponding secretary of the
National American Woman Suffrage
Association, will address the citizens
of Ada on the question of suffrage
Wednesday evening at 8 o'clock at
the Methodist church. Every one in-
vited to be present.

Mrs. Shuler has had long experi-
ence in mobilizing women and or-
ganizing them for action. As secretary,
leader, director, organizer and speak-
er in the New York state association,
Mrs. Shuler has varied and invalu-
able suffrage experience and during
the last suffrage campaign in New
York, her organization methods
won reluctant admiration even from
anti-suffragists, who warned their
workers in Buffalo that that district
was the best organized in the state.

Mrs. Shuler has also been presi-
dent of the New York State Federa-
tion of Women's Clubs, is an hono-
rary member of the Teachers' League
of Buffalo, and is the present parlia-
mentarian of the New York State So-
ciety of the National Daughters of
the American Revolution.

H. K. NETTLES ANSWERS LAST ROLL CALL

H. K. Nettles, aged 78, died Mon-
day evening at 10:30 at the home of
his son, Rev. W. H. Nettles of North
Ada. The funeral service were con-
ducted at Rosedale cemetery at 3:30
this afternoon by Rev. A. J. Caldwell.
Deceased was one of the earliest
settlers at Ada, having come here
twenty-five years ago. He was a na-
tive of Jackson county, Tennessee,
but lived for a number of years in
Missouri and Texas before coming to
Oklahoma thirty years ago. He had
been a consistent member of the
Methodist church since he was nine-
teen years of age. He also served
faithfully in the Confederate army
and was a member of the local camp
of veterans.

He is survived by eight children,
W. H. and W. L. of Ada; M. Z. of
Lawrence, A. L. of Garvin; Mmes.
Ettie Ward, New Mexico, Parrie L.
Shilling, Ada; Mary Jane Gwaltney
of Ada, and Abbie Stuckey, of Hen-
ryetta.

The death of Mr. Nettles removes
one of the few remaining pioneers of
this place. He had gone through
many vicissitudes during his long life
as a pioneer and was always found
on the side of law and order. No man
ever enjoyed the confidence and es-
teem of his neighbors to a greater de-
gree than he did.

Methodist Matters.
Monday evening Rev. A. S. Camer-
on of Oklahoma City presided at the
meeting of the Fourth Quarterly Con-
ference of the First Methodist
Church. All reports made were grati-
fying to the fullest degree, and the
Presiding Elder was greatly pleased
with the work of the local congrega-
tion of Methodist people.

Tonight there will be "singing" at
the church and tomorrow evening the
prayer meeting service.

The following men were elected
stewards of the church for the com-
ing conference year: J. L. Adair, J.
L. Barringer, J. W. Beard, A. T. Bog-
gan, Robert Bradley, E. E. Erickson,
Thomas Granger, R. E. Haynes, J. M.
Keltner, R. O. Lawrence, F. W. Mead-
ers, W. E. Moore, W. E. Pitt, W. H.
Rollow, S. M. Shaw, F. C. Sims, J. A.
Smith, E. L. Spencer, J. G. Withers-
poon, F. A. Word. Mr. Robert
Bradley was also elected Sunday
School Superintendent. R. E. Haynes
was selected to serve as District
Steward.

INQUIRY FROM FIVE STATES IS AROUSED BY HER STATEMENT

People From Florida, Texas, Georgia,
Alabama and North Carolina
Writes Mrs. O'Connor
Regarding Tanlac.

"If anybody had told me that
there was a medicine that would
make me gain eight pounds in ten
days I couldn't have believed it, but
that is exactly what Tanlac has done
for me," said Mrs. John O'Connor,
238 East Oldham Street, Knoxville,
Tennessee, a few months ago.

"For the past five or six years,"
she continued, "I have been in a run-
down condition from nervous indiges-
tion. I had no appetite and lived on
the lightest diet. My head ached
most of the time and I had awful
dizzy spells. My nerves were worn
out so I could get very little restful
sleep. I was troubled with a bad case
of Catarrh that I couldn't get rid of
and felt miserable day in and day
out."

"I began to feel better right from
the time I started taking Tanlac. My
appetite is fine now. I can eat and di-
gest anything and am gaining in
weight. My nerves are quiet and I
sleep like a child at night. The cat-
arrh does not bother me like it did
and I am strong enough to work every
day."

In another communication received
recently, Mrs. O'Connor, says:
"People from Texas, Florida, Georgia,
Alabama, and North Carolina
have written me asking about Tan-
lac and it has been a pleasure to
me to recommend it."

Tanlac is sold in Ada by Gwin &
Mays Drug Co.

swer to a summons to show why he
had not bought more War Savings
Stamps and Liberty Loan Bonds. Af-
ter going into the matter thoroughly,
the Council decided that Mr. Hooks
ought to buy \$450 worth of bonds
in addition to the \$50 bond he has
already purchased. Mr. Hooks agreed
to buy these bonds without delay.

Mr. Hooks' defense was that he
thought, under the circumstances, he
had done his share. When shown that
it was his patriotic duty to buy more
than \$50 worth of bonds, he com-
plied with the request of the Coun-
cil.

A resolution was passed endors-
ing W. W. Gains of Stonewall and Y.
Q. McCannoon as members of the
committee to succeed two members
resigned. The State Council of De-
fense and Governor Williams will be
asked to appoint these two men.

T. P. COWGER'S HOME DESTROYED BY FIRE

The four room residence of T. P.
Cowgar and family on West 5th
street was totally destroyed by fire
Monday afternoon. It is said that the
fire started from gasoline which a
daughter of Mr. Cowgar mistaking
for kerosene was using to kindle a
fire in the stove. The young lady's
arms were burned but with rare
presence of mind she threw a quilt
about herself, extinguishing the
blaze. So quickly did the flames
spread in the house that nothing
could be saved. The place was in-
sured for \$700.

Printers Active in War Work.
The Typographical Union has is-
sued a little booklet telling of its
work during the war, a remarkable
feature of which is that only \$1,237
was spent on strikes, during 12 war
months, an almost infinitesimal fig-
ure when it is compared with the
\$71,000,000 earned by the types in
the same period.

There are 4,081 members of the
union in uniform, in addition to 686
apprentices. Thus far 75 members of
the union have lost their lives. The
union itself has subscribed to \$90,-
000 in Liberty Bonds and the indi-
vidual members have subscribed more
than \$3,000,000.

To My Many Friends in Ada:
As I have been selling Dr. Swartz's
Medicated soap in and around Ada
for the past six years, I wish to in-
form you that the only genuine has
found corners. Beware of all imita-
tions. It has proven good and has
many imitators. Thanking you for
your past friendship, and future pat-
ronage, I remain,
Very truly yours,
JOHN E. LUNSFORD,
County Agent, Roff, Okla.

ALL TEACHERS MUST TAKE OATH OF OFFICE

The State Board of Education by
resolution requires that each teacher,
who teaches in Oklahoma take an
oath of office. In that, he is to em-
phasize the principles upon which
our government is founded, to defend
the Constitution and laws of the
United States and of the State of Ok-
lahoma, and will assist and co-oper-
ate with the Council of Defense and
all other agencies having for their
purpose the interest and welfare of
our soldiers and the successful ter-
mination of the war.

I fully believe that I voice the sen-
timent of every teacher in Pontotoc
county, when I say that we most
heartily subscribe to the oath and
that we are going to carry out every
principle subscribed to in its fullest
sense.

Now, for the teachers to do this, I
as County Superintendent, feel that
each and every member of the differ-
ent School Boards of Pontotoc coun-
ty should not be sympathizers only,
but should be active workers in all
these movements and give the teach-
ers their most hearty support in this
work. To have a member of a school
board failing to do his part along
these lines would not only be an in-
justice to the teacher and the pupils,
but a crime against our government.
Therefore any school board member
failing to do his duty in this con-
nection, will not be considered worthy
of being on the board and his office
will be declared vacant at once and
some one, who is truly loyal and
patriotic, will be appointed in his
place. Yours respectfully,
A. FLOYD,
County Superintendent.
